

State of Alaska  
Department of Fish and Game  
Public Review Nomination for Waters  
Important to Anadromous Species

1984 Revision

84-245

A Addition

Deletion

Name of Waterbody (if known): Agripina River

Location:

Anadromous Waters Catalog Volume and Number SW III

USGS 1:63,360 Quadrangle Ugashik A-2

or 1:250,000 (if 1:63,360 not available)

Species	Date(s) Observed	Stage(s) (Spawning, Rearing, Migration)
Chum	8/1/75 - 7/25/82	spawning, Migration

Comments: Please provide any clarifying information. Also, please include a map of the area identifying the stream reach. This can be a copy of the map from the Anadromous Waters Atlas.

Add chum spawning to Agripina River (272-96-10100)  
for same reach as pink
